COURSE NAME: ARTIFICIAL INTELLIGENCE

**COURSE CODE: BTCS602-18** 

**ASSIGNMENT No: 2** 

**DATE OF ALLOTMENT:** 

**DATE OF SUBMISSION:** 

**COURSE INSTRUCTOR:** 

**SUBMITTED BY:** 

**REGISTRATION NO:** 

CT Group of Institutions, Shahpur				
Assignment No: 2				
Program:	B.Tech CSE	Semester:	6 <sup>th</sup>	
Name of Subject:	Artificial Intelligence	Subject Code:	BTCS 602-18	
Name of Topic:	Markov Decision Process	Maximum Marks:	10	
Date of Allotment:	27/02/25	Date of Submission:	06/03/25	

**Scenario:** A student is preparing for a **Mathematics Exam**. Each day, the student can choose one of the following study methods:

- 1. Self-Study (S)
- 2. Attending Coaching Class (C)
- 3. Watching Online Tutorials (0)

The student's performance (marks improvement) depends on the chosen study method, and the process follows a **Markov Decision Process (MDP)** with the following **transition probabilities and rewards**:

## **Transition Probabilities:**

- Self-Study (S):
  - o 60% chance of moving to a **higher level of understanding**.
  - 40% chance of staying at the same level.
- Coaching Class (C):
  - o 80% chance of moving to a **higher level of understanding**.
  - 20% chance of staying at the same level.
- Online Tutorials (0):
  - o 50% chance of moving to a **higher level of understanding**.
  - o 50% chance of staying at the same level.

## **Reward System:**

- If the student moves to a higher level of understanding:
  - Self-Study: +4 marks
  - Coaching Class: +6 marks
  - Online Tutorials: +3 marks
- If the student remains at the same level:
  - o Self-Study: +1 mark
  - Coaching Class: +2 marks
  - o Online Tutorials: +1 mark

## **Questions:**

- 1. Explain the following terms:
  - o States (S), Actions (A), Transition Probabilities (P), and Rewards (R).
- 2. If the student starts with 50 marks and follows this study plan for 2 days:
  - Day 1: Chooses Self-Study (S)
  - o Day 2: Chooses Coaching Class (C)

What is the expected total marks after 2 days?

Day 1: Chooses Coaching Class (C) Day 3: Chooses Coaching Class (C) Day 4: Chooses Coaching Class (C) What is the expected total marks after 4 days?
